Dated, 12th November 1952.

Sir,

Sub:- Travelling Allowance - Mileage by whichever of the routes is actually used - Journeys between Mangalore and Coondapur.

Ref:- Ruling 8 under Madras Travelling Allowance Rule 20 regarding journeys between Mangalore and Udipi.

I am to invite your attention to the Ruling of Government above cited which permits drawal of mileage by whichever of the routes is actually used in any season of the year in respect of journeys between Mangalore and Udipi since the recognised shortest route involves the crossing of rivers in floods. As the journey between Mangalore and Coondapur is

is beset with the same difficulties, the Honourable the Judges consider that a ruling similar to ruling 8 under Madras Travelling Allowance Rule 20 may be issued in respect of journeys between Mangalore and Coondapur also. I am to request therefore that Government be pleased to issue such a ruling.

Submitted to Government.

The Board recommends that the third route namely, Mangalore-Karkal-Someshwar - Coondapur may be recognised as the shortest route for the purposes of transfer throughout the year and for purposes of touring during the monsoon months, and requests that a general ruling may be given under rule 20 of the M.T.A. rules to that effect.

Copy of letter No.Roc.B.19.5056/52 dated 9-8-52 from the Collector of South Kanara, the Secretary, Board of Revenue, L.R. Madras.

Sub: ALLOWANCES - Mileage - Journey by longer route - Mangalore - Coondapur - permission sought.

There are three routes between Mangalore and Coondapur. They are:-

1) Mangalore- Pavanje - Mulki - Udiyavar - Udipi - Kallianpur - Brahmavar - Malukal - Coondapur (60 miles)
2) Mangalore-Karkal - Udipi - Brahmavar - Madukal - Coondapur (81 miles)
and
3)Mangalore - Karkal - Someshwar - Coondapur (91 miles)

The last is the longest but is the easiest because it is not intersected by rivers and because there are regular bus services plying on it. The first which runs along the coast is very inconvenient though it is the shortest. Ther are six rivers on the way - 4 between Mangalore and Udipi and 2 between Udipi and Coondapur. The Board considering the difficulties attendant upon the journey by this road, permitted the Revenue subordinates of this District to travel by the 2nd route during the rainy months of the year in B.P.Misc.414 dated 15-3-46. This concession does not completely obviate the necessity of crossing the rivers as there are still 2 rivers between Udipi and Coondapur to be forded. These two rivers are broader than the other 4 and are usually in shape during the monsoon. The dislocation of bus services on this line is a common occurence during the period between June and September. The longest route is the only one which avoids all the rivers. This route being only 10 miles longer, the slight increase in T.A. may be ignored, considering expedition of inconvenience.

I therefore recommend that this route (the 3rd one) may be recognised as the shortest one for purposes of journeys on tour during the monsoon.

Please see the letter from the High Court, Madras.

The Collector of South Kanara has not so far made any similar proposal to that now made by the High Court. It seems preferable to obtain the remarks of the Board of Revenue before a ruling as that suggested by the High Court is issued.

A draft memo. to the Board of Revenue is submitted for approval.
